Baruch Ivcher School of Psychology at IDC Herzliya

Cordially invites you to

**an AEDP Immersion Course with Diana Fosha**

Monday-Thursday, September 5\(^{th}\)-8\(^{th}\) 2016, at 8:30am

Mina Rokeach Auditorium (SL103), Radzyner-Sustainability Building

IDC Campus, Kanfei Nesharim St., Herzliya

The **Immersion Course in AEDP** is intended for practitioners interested in AEDP, in its transformational theory, and in exploring its applications to the treatment of attachment trauma. Our focus is on AEDP and the theory and practice informing AEDP work at the edge of healing experience to repair attachment trauma. Making extensive use of clinical videotapes of actual therapy sessions, the aim of this course is to foster proficiency in the practice of AEDP, as well as facilitate its integration into clinical practices that make use of other experiential, body-focused, trauma-based, relational and/or psychodynamic methods.
