“Green” Entrepreneurs Panel
Wednesday, December 15th, 2010
Room S3, library building
IDC Herzliya Campus

The Green Entrepreneurship Forum is a part of the IEC, IDC Herzliya Entrepreneurship club. The Forum believes that sustainable environmental solutions can only come from profitable solutions that are the foundations for a sustainable business.

In the past few weeks, the forum held the Green Entrepreneurship Workshop. The Forum is honored to invite all IDC students to our last meeting - “Green” Entrepreneurs Panel.

The meeting will be conducted mostly in Hebrew
The program:

Reception 17:45
Entrepreneurs' & Ventures' Presentations 18:00
Break 19:15
Panel 19:30
End 20:30

The panel will include: Amit Dror, CEO Eternegy Ltd., Barak Yekutiely, chairman & CEO Aquate Solar Ltd. Erik Claster, Co-founder REVOLUTION

For information about the ventures see the next page
Amit Dror, CEO Eternegy Ltd.

Eternegy is a start-up firm which has developed an innovative solar tracking system for Photovoltaic (PV) Solar plants based on innovative technologies that provide improved reliability at a fraction of the cost of conventional tracking systems.

Barak Yekutiely, Chairman & CEO Aquate Group Ltd.

Aquate Group Ltd. is a global developer of reservoir enhancement infrastructure assets that generate financial returns by producing water and clean energy. Aquate's offering allows governments to decouple economic development from national resource consumption and environmental issues normally associated with energy, water, and food production.

Erik Claster, Co-Founder REVOLUTION

Revolution is a "green" company that provides innovative and lucrative solutions to crucial sustainability issues (energy, waste management, etc). Currently, they have launched an initiative to completely overhaul the recycling and manufacturing processes to compliment each other rather than the opposite.
Invitation to a “Green” Entrepreneurs Panel

The Green Entrepreneurship Forum of the IEC, IDC Herzliya Entrepreneurship club, is honored to invite all IDC students to participate in a “green” entrepreneurs panel.

The panel will take place on Wednesday, December 15th, 2010
Room S3, library building IDC Herzliya Campus.
