Career Day - IDC Herzliya 2012
Information Brochure

Dvora Schocken Garden - (Sculpture Garden)
12:00-16:00 / 02.05.2012
The Sculpture Garden, under the eucalyptus trees, is where you will have the opportunity to meet a wide range of representatives from Israel's largest companies and organizations, which intend to recruit IDC students and alumni. The Annual Job Fair held by the Interdisciplinary Center Herzliya aims to create direct interaction between students and alumni and potential employers.

This is an opportunity to get a firsthand impression of the companies and the various positions they are offering, as well as make an impression of your own.

This booklet offers information about the companies taking part in the Job Fair, and the positions they are offering IDC students and alumni. The employers appear in alphabetical order in Hebrew, followed by English. During the fair, the employers will be placed according to their area of activity.

In this year's job fair we want to promote an activity for the benefit of the community. Snir association, that will be taking part in the fair, seeks to recruit not only employees but also volunteers as mentors and counselors for underprivileged children. For more information, please see page 22 in the booklet.

In order to derive maximum benefit from this event, we recommend you review the information included in the booklet and choose the companies relevant for you. Please note that the area of activity of these companies does not necessarily indicate the type of positions they are offering. For example, High-tech companies can recruit candidates from different schools and not computer science alone.

The Career Development Center at IDC aims to assist students and alumni find their place in the job market. In addition to the 2012 Job Fair, we will hold – throughout the year – company spotlight days, personal career counseling, guidance during the job search process and group workshops. Also, there are many job offers that are posted in the Career Center webpage, Facebook and other online social networks.

The Career Development Center at IDC serves IDC students and alumni throughout their careers. IDC graduates are found in all Israeli industries, and maintain close relations with the Career Development Center as employees and employers alike.

See you at the job fair,
The IDC Career Development Center team

Join the dynamic and innovative banking system! We invite you to become a member of the Mizrachi-Tefahot family!

We believe that human capital is the central factor in the success of the bank. Therefore, we provide our employees with a pleasant and supportive working environment, a professional career, financial security, and the opportunity for advancement and self-realization.

Bank Mizrachi-Tefahot is among Israel’s four largest banks. The bank provides corporations as well as private and commercial banking customers in Israel and abroad the entire spectrum of financial products and services at the highest level of service and professionalism. The merger with Tefahot, Israel’s number-one mortgage bank, allows the bank’s customers to enjoy attractive, worthwhile mortgage loans and a range of unique products and services that create a positive connection between their regular banking account and their mortgage. Mizrachi-Tefahot has 120 branches and business centers located throughout Israel.
